

India has always been prided in its rich cultured past and a glorious tradition of warmth and hospitality which has flourished since the times of Great Indian Emperors like Chandragupta, Bindusara, Vikramaditya and Samrat Ashok. Each of these Emperors has left his distinct imprint on the Sands of Time.

Hospitality and Grandeur was the essence of the Royal Darbars which hosted 'DAVAT-E-AAM' for many heads at a time and a 'DAVAT-E-KHAS' for very selected guests. At Samrat, we have tried to emulate the style, the elegance and the variety reminiscent of the earlier golden ages with a wide ranging menu that would cater to every taste.

Vegetarianism was a way of life practiced and preached by royalties since times immemorial. Pure rich vegetarian food has been deemed both nutritional and healthy. At samrat, the dishes you choose have been created keeping these values in mind. Today, in fact vegetarianism is also catching up the West.

We hope you enjoy dining with us.
